

Notice of Dredge or Fill Discharge Applications received from 5/01/2015

Report Generated On: 7/31/2015

| File Number | Project Name | County | City | Brief Description | Applicant Organization | Agent Organization | Staff |
|-------------|--|-----------|------------------------------|---|---|------------------------------|-------|
| 302015-12 | Shady Canyon Tutle Pond Operation and Maintenance Activities | Orange | Irvine | Purpose: To restore the pond to its original configuration and reduce current and future sedimentation. Activities: Removal of sediment from pond and the installation of two gabions. | New Irvine Ranch Conservatory | | DGW |
| 302015-13 | Seal Beach NWR - Thin-layer Salt Marsh Sediment Augmentation Pilot Project | Orange | Seal Beach | Purpose: To develop and refine a sea-level rise adaptation tool that can be used to help coastal salt marshes keep pace with sea-level rise and/or the effects of subsidence and in turn ensure the long-term survival of the endangered light-footed Ridgway's rail and other salt marsh-dependent species. | U.S. Fish and Wildlife Service | | MKB |
| 302015-14 | Esperanza Hills Specific Plan Area Project | Orange | Yorba Linda | Purpose: Construct an economically viable low-density hillside residential development. Activities: Mass grading, construction of 1 road crossing, replacement of 1 road crossing | Yorba Linda Estates, LLC | Glenn Lukos Associates | MKB |
| 302015-15 | Naval Weapons Station Seal Beach Jetty Repair | Orange | Anaheim | Purpose: Repair jetty tip damaged by waves generated by Hurricane Marie off the west coast of Mexico on or about August 27, 2014. Restore east jetty to design specifications to provide storm damage protection to inner Anaheim Bay. | Naval Weapons Station Seal Beach | | MKB |
| 302015-16 | Big Canyon Residential Lot Project | Orange | Newport Beach | Purpose: Grading of a 1.9-acre residential lot in preparation for construction of a single-family residence. | Big Canyon Country Club | Glenn Lukos Associates | MKB |
| 332015-11 | Heacock Channel Improvement Project | Riverside | Moreno Valley | Purpose: The project is anticipated to be constructed in 3 phases: Stage 1: Consists of constructing reinforced concrete trapezoidal open channel with a 25-foot base width and depth of 15 feet. Stage 2: Construct a reinforced concrete rectangular open channel with a 35-foot base width and depth of 15 feet. Stage 3: Designed as an approximately 1,700 linear foot reinforced concrete box continued from Stage 2 with the remaining approximately 1,900 linear feet designed as reinforced concrete rectangular open channel with a 35-foot base width and depth of 15 feet. | March Joint Powers Authority | Glenn Lukos Associates, Inc. | CJB |
| 332015-12 | South Shore II Project (TTM 36567) | Riverside | Lake Elsinore | Purpose: Residential subdivision that would include 147 single-family detached residential units to be constructed on approximately 44 acres of the site. The land surrounding the residential development would include 13.4 acres of permanently conserved land retained in natural open space, an approximately 3.5-acre public park, and an on-site drainage basin. | South Shore II LLC | Helix EPI | CJB |
| 332015-13 | Perris Valley Line G Connector | Riverside | Perris | Purpose: To install a 48" RCP across Morgan Street to connect an existing concrete Perris Valley MDP Line G channel with the Perris Valley Storm Channel. | Duke Realty | Harmsworth Associates | CJB |
| 332015-14 | Spring Mountain Ranch Drainage 1 Long Term Maintenance | Riverside | Unincorporated Highgrove | Purpose: Maintain design capacity and structural integrity of the facility. Activities: | SFI - SMR LLC | Sage Environmental Group | CJB |
| 332015-15 | North Norco Channel Stage 11 Project | Riverside | Norco | Purpose: Includes drainage improvements to approximately 5,945 linear feet of the North Norco Channel Stage 11 as well as construction of three laterals: Line N-2 in Sixth Street, Line NC in Valley View Avenue, and Line NC-1 in Detroit Street. Improvements to the mainline include a trapezoidal channel with an earthen bottom and concrete channel with a 24-foot base width and 8-foot depth west of Valley View Avenue. The project also includes a slab bridge at 6th Street and double reinforced concrete box culverts st both Valley View Avenue and Corona Avenue. | RCFCWCD | Dudek | CJB |
| 332015-16 | D-3 Parcel Freeway Business Center Project | Riverside | March Joint Powers Authority | Activities: The project proposes the development of a 709,083 square foot industrial warehouse building. Development of the project site will require infrastructure improvements, including improvements to Alessandro Boulevard and Old 215 Frontage Road. | Proficiency 215 LLC | MIGIHogle-Ireland, Inc. | CJB |
| 332015-17 | RCRCD In Lieu Fee Program - Altfillisch | Riverside | Norco | Purpose: Habitat rehabilitation and enhancement. Activities: Arundo eradication, planting of suttings and seed, and possible contouring if necessary. | Riverside-Corona Resource Conservation District | | CJB |
